## Professional Manufacturer of Coextruded Multilayer Casting Films

**Continued Pursuit of  
High Quality Services**

**INTLPAK ENTERPRISES CO., LTD**  
聯盟包裝企業股份有限公司

# 1. Company Introduction

In 1991, we are an investment from Sun A group.

The company introduced the most advanced coextrusion technology for producing the multilayer packaging materials of sheet and film.

The factory is concluded with clean room GMP strategy and also been installed with the fully automatic computer control production lines.

The products are widely used in foods, cosmetics, medical cares, industrial packages, electronic components, and other packaging materials, all applications according to different characters of products and requirement.

# 1-1. Company Introduction

- ◆ Group Member : SUN A ENTERPRISE CO., LTD. (Taiwan)  
Sanying Packaging (Jiangsu) Co., Ltd  
**Intlpak Enterprises Co., Ltd.** (Taiwan)  
**Green Intlpak Co., Ltd.** (Taiwan)
- ◆ Employee : more than 2,000 employees.
- ◆ Annual Business Income : about USD 150,000,000.
- ◆ Plants : Sun A (Taiwan) : 33,000 m<sup>2</sup>  
Sanying Packaging : 132,5000 m<sup>2</sup>  
Intlpak : 24,000 m<sup>2</sup>
- ◆ Sister Company : SUN A. KAKEN CO., LTD. (Japan)
- ◆ Strategic Partners : Mitsui Chemicals, TOHCELLO.

# 1-2. Company Location

We located in middle of Taiwan

We are a professional manufacturer based in Taiwan with the best quality and stable supply capacity. We have more than 29 years of experience in film & sheet production, excellent company reputation, and famous customers worldwide

# 1-3. Company Introduction

## Quality Assurance

Approved

**2023**

ISO 9001: 2015

Approved

**2024**

ISO 22000: 2018

Approved

**2024**

HACCP: 2020

# 1-4. Multi-layered Film & Sheet Production line (1/2)

Germany Computer Control Automatic Cast Line  
Multilayer coextrusion Film 25 ~ 200 $\mu$ m

Capability :

- 5 Extruders
- Automatic Die
- Futec Optical Flaw Inspection system
- 500 Kg / hr
- 10 Tons / day

# 1-4. Multi-layered Film & Sheet Production line (2/2)

Japan Computer Control Automatic Cast Line  
Multilayer coextrusion Film 25 ~ 200 $\mu$ m

Capability :

- 3 Extruders
- Automatic Die
- Futec Optical Flaw Inspection system
- 500 Kg / hr
- 10 Tons / day

# 2-A. OUR MAIN PRODUCTS

- a. Easy-Peel Film.
- b. Functional CPP Film.
- c. High Barrier EVOH Film.
- d. Nylon & MPP/PE Film - Medical Care Package.
- e. Nylon Film - Food Package.

## 2. Easy Peel Film

## Easy Peel Film for Retort Food

## Easy Peel Film for Contact Lens

# 2-a. Retort Easy Peel Film

## Easy Peel Film for Retort Food

# 2-a. Retort Easy Peel Film

Our **easy-peel film** is a lid material for PP container. It can be sterilized with high temperature (121 - 125°C) and remain easy peel property.

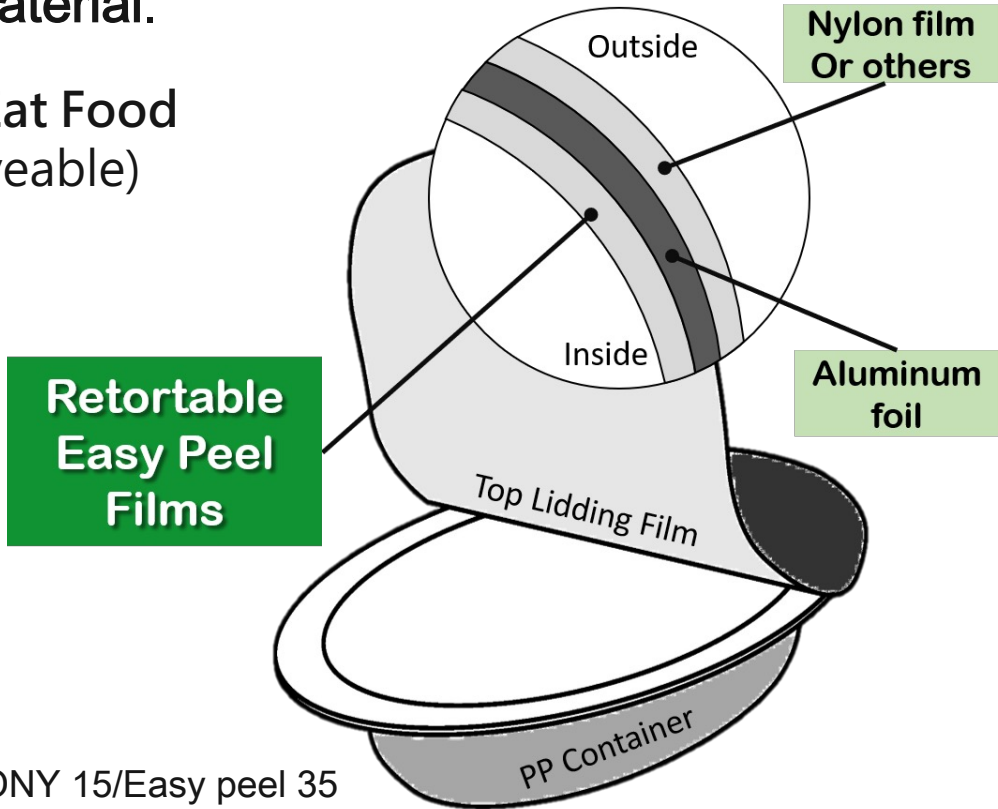

After the easy-peel film being laminated with films such as ONY(PA)、AL、PET, it can be used as **sealing lid material**.

Ready-To-Eat Food  
(Microwaveable)

Pet Food

For example:  
PET 12/AL 9/ONY 15/Easy peel 35

# 2-a. Retort Easy Peel Film

## Easy Peel Film for Contact Lens

# 2-b. Functional CPP Film

## Retort CPP Film

# 2-b. Functional CPP Film

## Product Specification

- Product Structure : PP/PP/Retort PP
- Product Dimension :  
Thickness: 70 $\mu$   
Width: 430mm~1000mm  
Length: 2000M
- Example of Applications  
Retort Pouch Packaging  
PET / Alu / OPA / Retort CPP Film

# 2-c. High Barrier EVOH Film

## 1. High Barrier PE/EVOH/PE Film

EVE: PE/Tie/EVOH/Tie/PE, Regular : 40 $\mu$ 、 45  $\mu$ 、 55 $\mu$ 、 60 $\mu$ .

## 2. High Barrier PP/EVOH/PP Film

PVP: PP/Tie/EVOH/Tie/PP , Regular : 40 $\mu$ 、 55  $\mu$ 、 70 $\mu$

## 3. High Barrier PP/EVOH/PE Film

PVE: PP/Tie/EVOH/Tie/PE , Regular : 45 $\mu$

## 4. High Barrier NY/EVOH/PE Film

NLB: NY/Tie/EVOH/Tie/PE , Regular : 60 $\mu$ 、 80  $\mu$ 、 139 $\mu$ 、 150 $\mu$ .

## 5. SKIN PACK , Regular : 80 $\mu$ 、 90 $\mu$ .

# 2-c. EVOH Applications

## **HIGH BARRIER NY/EVOH/PE FILM**

Scented Personal  
Hygiene Products

# 2-c. EVOH Applications

## Pork Jerky

Top Film :

PET 12// (PE/EVOH/PE) 40

Bottom Film:

(CNY/Tie/EVOH10/Tie/PE) 80

## Pet Food

PET12//(PP/EVOH/PP) 70

# 2-c. EVOH Applications

High Barrier NY/EVOH/PE Film

# 2-c. EVOH Applications

## SKIN PACK

### Characteristics

Good formability, Good barrier, low-temperature heating and forming, low off-flavor

Special gloss freshness to show the fresh appearance of fresh fish meat

The world's highest penetration, preventing air leakage through pinholes

# 2-c. High oxygen barrier Examples (1/2)

Fruit Jelly Cup

Ready-to-eat Rice

## 2-c. High oxygen barrier Examples (2/2)

Pet Food

# 2-d. Nylon & MPP/PE Film – Medical Care Package

Vacuum  
Packaging

MPP/PE Thermoforming Film  
Nylon Thermoforming Film

# 2-e. Nylon & MPP/PE Film – Food Package

Vacuum  
Packaging

Nylon Thermoforming Film

Nylon/Retort CPP  
Thermoforming Film

# 2-e. Nylon & MPP/PE Film – Food Package

## Nylon/Retort CPP Thermoforming Film
